DigitalEdge Purchasing Contracts for Educational and Governmental Organizations

What are the benefits of using the DigitalEdge purchasing program contracts? The DigitalEdge Purchasing Program at Educational Service District 112 (ESD 112) provides competitively bid contracts on educational technology, wireless mobile devices, audio-visual equipment and school safety solutions that are available to “eligible purchasers” in twelve western states, including K-12 public and private schools, colleges and universities, public libraries, regional service agencies, state departments, and other governmental agencies.

The DigitalEdge current contracts as of January 1, 2016 include:

#ESD112-DE-15A.....Chromebook and Related Solutions
#ESD112-DE-15B School Safety Solutions
#ESD112-DE-16A...Solutions for Educational Technology, Wireless Devices and Audio-Visual Equipment

Since DigitalEdge began in 2002, **\$86.6 million in educational technology solutions** has been sold to eligible purchasers through the DigitalEdge purchasing program. Membership is not required for purchasers to be able to participate in our contracts. State laws authorize “piggybacking” off of a bid that was competitively procured by another public agency in accordance with that agency’s bid laws. School districts may purchase off the DigitalEdge contract without publishing their own bid. All interested organizations are advised to check their governing laws and to obtain their own legal counsel to determine eligibility for purchasing products through the DigitalEdge contracts. A school district that determines it is eligible to use the DigitalEdge contracts can request an Interlocal Agreement by contacting the DigitalEdge office at **360.952.3415**.

The twelve DigitalEdge western states include:

Alaska • California • Colorado • Hawaii • Idaho • Montana
Nevada • New Mexico • Oregon • Utah • Washington • Wyoming

The purchasing menu on the DigitalEdge website at **digitaledge.esd112.org** provides product and price information, instructions for interlocal agreements and piggybacking, and instructions on how to purchase from DigitalEdge. Should you have any questions regarding DigitalEdge contracts, please contact Bunny Stevens, Project Coordinator for DigitalEdge/Digital Learning Services, at **digitaledge.specialist@esd112.org** or call **(360) 952-3415**.
